REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

McKissick Elementary is a student-centered Title 1 school serving approximately 386 students from kindergarten through grade five. Our mission is to provide a nurturing environment where students will receive educational opportunities that will encourage them to participate in and contribute to a rapidly changing global society.

During the school year, we implemented several initiatives that have enabled us to guide, engage, and connect with the diverse families and cultures of our school community. School Fusion provided parents with weekly assignments and grade reports. ParenLink and the school website provided the school community with up-to-date information and resources. Training sessions for parents on instructional technology and other topics were conducted throughout the year. The PTO, School Improvement Council, and trained volunteers continue to provide support for our instructional programs.

Community outreach continues to be an important component of the curriculum. Students participated in Jump Rope for Heart, Pennies for Prevention of Child Abuse, The Great American Clean-up, The Souper Bowl of Caring, Operation Hope, and collecting food for local needy families.

Teachers and staff members participated in national, state, and district professional development programs. Technology training included IGPro, Movie Maker, Class XP, Achieve Now, Microsoft Office, Outlook, PDEpress, AESOP, School Fusion, Photo Story, Audacity, BrainPOP, Classworks, United Streaming, ETV/SDPC TV, and Teacher Tech Profolios.

The faculty and staff have worked very hard to provide each student with a quality educational program. However, student mobility continues to be a major concern. The turnover rate during the school year was nearly 35 percent. Research has clearly shown the negative impact of student mobility on student achievement.
